Together to share Salesian Spirituality in North America

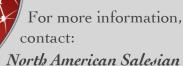

## NORTH AMERICAN SALESIAN NETWORK

Saints first witness to - and then help others discover - "the peace the world cannot give." St. Francis de Sales and St. Jane de Chantal have helped countless Christians "Live Jesus" with greater authenticity and joy.

Their "Salesian" spirituality is embraced and practiced by individuals in all walks of life. Many lay and religious groups have also formed around this wonderfully accessible, optimistic spirituality. The North American Salesian Network is a grassroots effort to connect Salesian organizations with one another and the world. NASN provides its members a way to share ideas, goals, programs, and resources. It allows for initiatives that might otherwise be difficult to accomplish alone.

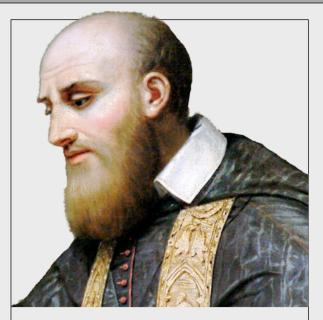

NASN has been meeting since 2012.

## **MISSION STATEMENT**

We embrace a collaborative effort among our Salesian associations and institutes to empower us in refreshing our North American culture with the spirit of St. Francis de Sales and our Founders.

We facilitate the sharing of Salesian resources, educational services, technological expertise, vocational efforts and other key ministries that enable us to touch hearts and "Live Jesus" across a wider expanse of people.

Together we enter into the mystery of Christ and help to bring all people to Christ with the strong gentleness and zeal of St. Francis de Sales.
